MEMORANDUM FOR: Legislative Counsel

SUBJECT: S.2410, A Bill to Promote the Foreign Policy of the United States by Amending the United States Information and Educational Exchange Act of 1948 (Public Law 402, Eightieth Congress).

1. In accordance with your request, S.2410 has been reviewed by representatives of this Office as a basis for comment as to whether it is of interest to Agency personnel activities and whether further action by your office is necessary or desired.

2. Subject proposal is specifically concerned with the amendment of the United States Information and Educational Exchange Act of 1948, with the stated objective of promoting the foreign policy of the United States.

3. No action by your office in relation to this bill is considered necessary. However, there is a field of common interest shared by the Central Intelligence Agency and the United States Information Agency in the personnel administration of foreign operations. Inasmuch as the subject measure contains several provisions of a personnel nature and seeks various derivative authorities from the Foreign Service Act, the Congressional discussion and disposition of this Bill is of interest to this Office. Consequently, any information in regard to legislative action on the Bill would be appreciated.
